Historical revision - not current

Referral review handoff

Reviewed — unresolved items remain

Historical revision - not the current confirmed review

Identity unresolved

Precomputed synthetic example - illustrative confirmation only

Synthetic QA variant - includes an authored two-page report

Synthetic demonstration - precomputed result; not a live AI review

Identity and referral details

Patient name: Synthetic Person D01
Source statement; Recorded in source. [S2]

Date of birth: 1980-06-15
Source statement; Recorded in source. [S3]

Date of birth: 1981-06-15
Source statement; Recorded in source. [S11]

Referrer: Synthetic Referrer D01
Source statement; Recorded in source. [S4]

Referrer contact: referrer-d01@example.invalid
Source statement; Recorded in source. [S5]

Recipient: Synthetic Outpatient Desk
Source statement; Recorded in source. [S6]

Referral reason

Referral reason: Review of the supplied fictional symptom history.
Source statement; Recorded in source. [S7]

Medications

Medications: No current medications.
Source statement; Explicitly none recorded. [S8]

Allergies

Allergies: No known allergies.
Source statement; Explicitly none recorded. [S9]

Reports and attachment references

Report description: Synthetic QA report on source page two; no clinical conclusion.
Source statement; Recorded in source. [S1]

Attachment reference: Synthetic Echo Report A is attached.
Source statement; Recorded in source. [S10]

Unresolved items

C02 - Date of birth [unresolved]
Two complete DOB values differ. Do not select an identity automatically. Checked all 2 supplied, successfully parsed documents (2 pages).
Reviewer supplied correction: Synthetic reviewer note: identity is still awaiting sender verification.
Reason: Synthetic demonstration: sender clarification is still required; no new source was supplied.
No additional evidence linked by reviewer.
Finding sources: [S3, S11].
Decision 5612b2a7-3ead-5760-ab81-b7cadf647089; reviewer 33933e8a-3bdf-546c-971c-d129ff585b24; review v1; 2026-10-20T00:00:00Z.

C08 - Attachment reference [unresolved]
Synthetic Echo Report A is claimed as attached; neither supplied document is that report. Check with the sender. Checked all 2 supplied, successfully parsed documents (2 pages).
Reason: Synthetic demonstration: sender clarification is still required; no new source was supplied.
No additional evidence linked by reviewer.
Finding sources: [S10].
Decision cb63773b-c50c-5180-a7af-c0d6c6e97338; reviewer 33933e8a-3bdf-546c-971c-d129ff585b24; review v2; 2026-10-20T00:00:00Z.
